

SUBMISSION FOR THE VCÖ MOBILITY AWARD 2017 LOW CARBON MOBILITY

Please complete this submission form and send it back via e-mail to **mobilitaetspreis@vcoe.at**

1. Name of the project / project-idea

2. Are you submitting a project or a project-idea?

Please choose one.

An implemented project

A plan, concept or idea

3. Who is the initiator of the project / project-idea?

Please choose one.

Central, regional or local authority (municipality, city, region, federal state or country)

Public institution or interest group

Private person

Company

Transport company

Start-up

Student

Pupil

School, school class, educational institution

Research facility / university institute

Association / Non profit organisation / NGO

4. In which of the following subject areas does your project / project-idea fit best?

Please choose only one.

Low carbon passenger transport

Low carbon freight transport and logistics

Technologies and innovations for energy efficiency and CO₂ reduction

Digitalisation promoting low carbon mobility

Socially just and fully accessible mobility solutions

5. In which country was your project / project-idea implemented or will be implemented?

Submitting institution / contact person

Name of the institution:

Form of address: Ms Mr

First name:

Surname:

Postal code:

City:

Street name:

House number / Door number: /

Web page:

E-mail address:

Telephone number:

Mobile phone number:

Description of your project / project-idea

The following questions will help the jury of experts to get a better understanding of your project / project-idea. Your description will be the basis of the assessment and review by the panel of experts.

8. Short description of your project / project-idea

9. Which are the new, innovative, special aspects of your project / your project-idea? Why does this project / project-idea deserve to win the VCÖ mobility award?

10. Which is the starting point? Which problems does the project / project-idea offer an improvement of or a solution to?

11. How will the solution or improvement be achieved? Which tangible measures were implemented/are planned?

12. Which were the results and outcomes so far? (Give quantifiable results if possible)

13. Which results do you hope to achieve through the project/ project-idea?

14. Who is the target group of the project / project-idea?

Private persons, consumers	Commuters
Employees	Social projects, associations
Authorities (Central, regional or local)	Housing cooperatives
Transport companies / Enterprises	Neighbourhoods
Families and multi-person households	Disabled persons and persons with reduced
Senior citizens	Science and research
Children, pupils	Others:
Students	

15. Which is the geographical reach of your project at the moment? / Which would be the geographical reach of your project-idea?

Please choose one.

- Single organisation / single enterprise
- Municipality level
- Regional (involving several municipalities)
- Federal state
- Several federal states / whole country
- International

Detailed description of the project / project-idea

The following questions may be answered voluntarily. The more detailed you describe the project / project-idea, the easier it will be for the jury to form an opinion about it.

16. Does your project / project-idea support the shift towards environmentally friendlier mobility?

Yes

How?

17. Does your project / project-idea promote sustainable mobility behaviour?

(for example sharing instead of possessing)

Yes

How?

18. Does your project / project-idea facilitate the combination of different means of transport or transport modes?

Yes

How?

19. Does your project / project-idea contribute to the conservation of resources, reduction of harmful emissions, reduction of energy use or independence of crude-oil?

Yes

How? Can you quantify the potential of this contribution?

20. Does your project / project-idea reduce the amount of kilometres driven?

Yes

How? Can you quantify?

21. Does your project / project-idea improve quality of life, health or traffic safety?

Yes

How?

22. Does your project / project-idea reduce the space required from traffic?

Yes

How? Can you quantify?

23. Does your project / project-idea contribute to an accessible and socially just mobility.

Yes
How?

24. Does your project / project-idea obtain the potential for being established in other contexts? Does it have a multiplier effect?

Yes
How and which requirements are necessary?

Question concerning freight transport (only answer if it applies):

25. Does your project reduce freight transport (tons or kilometres)?

Yes
How? Can you quantify?

6. Which of the following topics apply to your project / project-idea?

You may choose several if they apply.

- | | |
|--|---|
| Infrastructure | Electro mobility |
| Accessibility and inclusive mobility | Social innovation, change of mobility behaviour |
| Mobility services | Traffic avoidance, traffic reduction |
| Multimodal and interlinked transport | Shift to environmentally friendlier transport modes |

| Walking | Residential environment, living areas |
| Cycling | Public space and traffic calming |
| Health and traffic safety | Change of the mobility system and transition |
| Logistics, freight transport commercial traffic | Road transport |
| Renewable energies, reduction of energy required | Rail transport |
| Digitalization, information and communication technologies | Aviation |
| Technology and energy efficiency | |

Timetable, progress and financing

The following questions should help us to get an idea which process phase your project is currently in and which obstacles might be keeping you from progressing.

27. Describe the status quo of your project (if you are submitting a project)

Initial phase ☐ 1 ☐ 2 ☐ 3 ☐ 4 established

27. In which process stage is your idea currently? (if you are submitting a project idea)

Just an idea ☐ 1 ☐ 2 ☐ 3 ☐ 4 finished concept (ready for implementation)

28. When should the project be started? / When was the project started? / When will your project start?

29. Does your project have an end point?

Comments:

30. How is the project / project-idea financed?

Public funds

Sponsoring by companies

Sponsoring by private persons

Own capital

Proceeds from business

Crowd-Funding

Financed by credit

Other:

31. What is the amount of the planned project budget? (in euros) / What is the total amount of the project budget? (in euros)

32. Describe the problems and obstacles that hindered the progress of the project / project-idea

33. What is needed for doing the next step?

Technical expertise
Financial resources / funding
Network / contacts
Improvement of the concept
Other and explanations:

Cooperations, Project partners and communication

In case you have already got project partners please tell us about them. Also, if you have informed persons or institutions about your project / project-idea or have ideas who you could further contact.

Project partners

Please complete the following field with your partner institution(s), the names of contact persons and the types of participation in your project / project-idea.

34. Which institutions, persons or companies have you already consulted for supporting your project / project-idea? Which institutions could use your project / project-idea as an example?

Attached to your submission you can send us further info material, flyers, project presentations etc. via e-mail (mobilitaetspreis@vcoe.at).

In case you have got photos and pictures of your project / project idea, send them to us for the purpose of presenting it publicly on our online database for best practice mobility projects / project-ideas (mobilitaetspreis@vcoe.at).

Please enter the file names of the pictures and the referred picture credits here:

Name of picture 1:

referred picture credit (1):

Name of picture 2:

referred picture credit (2):

Name of picture 3:

referred picture credit (3):

I confirm that, quoting the abovementioned credits, VCÖ is allowed to use the attached picture(s) free of charge and without restrictions for public relations.

Do you have any further comments?

For many years VCO has been working for sustainable transport and mobility. Subscribe for our electronic newsletter if you want to stay informed about VCO's activities.

Yes, I want to receive information about the activity of VCO through getting the VCO-newsletter (in German).

Inspiring persons

VCO wants to get to know visionary and competent personalities and their contribution to a sustainable mobility. If you were inspired by such persons please name them to us and also inform us about their specialist field and their institution if they belong to one.

Thank you for participating in VCO mobility award 2017. The call to hand in innovative mobility projects and project ideas is open until 9th of June 2017. After the evaluation of all submissions by a qualified jury of experts, we'll contact all participants. If you have any further questions, please do not hesitate to contact us at **mobilitaetspreis@vcoe.at** or +43-(0)1-893 26 97.
